Hand Sanitization

Hand Sanitation to assist in Eliminating Microbes on the Skin

Certain germs and bacteria can remain active on your hands for up to 3 hours. During this time these harmful microbes can spread onto everything we touch. This is dangerous as germs and bacteria will multiply and spread. CASSA 888 Formula Hand Sanitizer Kills 99.99% of Harmful Germs and Bacteria on the hands.

CASSA 888 Formula contains soothing Aloe Vera Gel and Vitamin E which makes it gentle on the hands and beneficial to the skin. Apply a small amount to the palm of your hand rub your hands together, covering all surfaces of both hands, including between your fingers and up around your fingertips and nails. Rub hands together for 30 seconds to allow your hands to completely absorb the CASSA Anti-Microbial Hand Sanitizer until completely dry.
